

Fields of Windmills

Fields of windmills, singing in the breeze	d-a-d
Softly turning, bringing energy	a-d
What a sight, watching the blades go round	a-d
Listen to the gentle whirling sound	a-d
Watch them go, watch them go	g-a
Round and round	d

Wind is power, wind is energy
Wind is everywhere and it's for free
What a sight, watching the blades go round
Listen to the gentle whirling sound
Watch them go, watch them go
Round and round

Fields of windmills, lighting up our homes
Cooking food, and washing clothes
Warming homes and giving light to read
From the power of wind energy
Watch them go, watch them go
Round and round
