

My Brother Has To Be First (c) 2007 Hans Mayer & Frank Gosar

My Mom says it's time to get out of bed My brother has to be first
Come down and eat your breakfast she said My brother has to be first
We go down to the bus stop My brother has to be first
Get to the school and off he hops My brother has to be first

(chorus)

My brother has to be first
My brother has to be first
Wherever we go, whatever we do
My brother has to be first

Lining up to go to our desks
Any question the teacher asks
Every week, at show and tell
Out the door at the closing bell

(chorus)

My brother has to be first
My brother has to be first
My brother has to be first
My brother has to be first

Standing in line at the lunch room
Riding the swings way up to the moon
Playing with clay in art class
He never wants to be second or last

(chorus)

My brother has to be first
My brother has to be first
My brother has to be first
My brother has to be first

After school we go to the park
We can play till nearly dark
Supper's over it's time for bed
Mom says a bath first instead
Oh no, My brother has to be first!

My brother has to be first
My brother has to be first
My brother has to be first
My brother says: *"after you"*
