

Reading Really Rocks (c) Hans Mayer

I like to read - reading really rocks
I like to read - reading really rocks
Once I start a book - nothing's going to make me stop

Give me a Book - give me a book or magazine
Give me a Book - give me a book or magazine
Once I get started - I tell you it really rocks to read

I read at my library- I read when I'm at school
On the bus and back at home- I'm a reading fool
I like to read - reading really rocks
Once I start a book - nothing's going to make me stop

I won't mark up the cover - I won't dog ear a page
I've got a new book marker- so I can keep my place
I like to read - reading really rocks
Once I start a book - nothing's going to make me stop
