

Solar Energy (Mr. Sun)

We need the sun, sun, yes we need the sun
Shinning down on me
We need the sun, sun, yes we need the sun
Solar energy

Everything on the earth needs sun
For warmth and energy and having fun
We need the sun, sun, yes we need the sun
Solar energy

La La La La La, La La La Las

**We need the sun, sun, yes we need the sun
Shinning down on me
We need the sun, sun, yes we need the sun
Solar energy**

**Everything on the earth needs sun
For warmth and energy and having fun
We need the sun, sun, yes we need the sun
Solar energy**

Kids sing the words that are **Bold**
