

The Other Side

A frog was hopping on a gravel road	e
trying to get to the other side	b-e
In the middle of the road he met a toad	
trying to get to the other side	b-e
*Other side, the other side	a-e-a-e
all the critters that are on this road	
trying to get to the other side	b-e
A snake came by with a gleam in his eye	
trying to get to the other side	
Snake was thinking that it's dinner time	
trying to get to the other side *	
Frog and toad hoped on by	
into the ditch on the other side	
Snake laid down in the warm sunshine	
dreaming about the other side *	
If man keeps on building roads	
there'll be no more other side	
There'll be no place for frog and toad	
there'll be no place for them to hide *
