

Train Train (c) 2002 Hans Mayer

Here comes the engine rolling down the track
All of the cars are hooked on the back

(chorus)
choo, choo, choo, chugga, chugga, chugga, chugga
choo, choo, choo, chugga, chugga, chugga, chugga

Train, train go from here to there
A little red caboose is bringing up the rear
(chorus)

Down at the station, people lined up in a row
"All Aboard!" can you hear the whistle blow
(chorus)

I want to sit by the window so I can look outside
See all the people and the scenery passing by
(chorus)

People on vacation, people going home
People with their families, people all alone
(chorus)

Here comes the engine rolling down the track
All the cars are hooked on the back
(chorus)

Train, train go from here to there
A little red caboose is bringing up the rear
(chorus)
