

Down At The Fair

Down at the fair seeing all the animals there
Pigs and chickens cows and sheep
(Wonder what they count when they can't sleep?)
Guinea pigs rabbits and hares are down at the fair

Down at the fair stop at the midway and stare
People throwing darts and tossing rings
You can win almost anything
Best games you'll find anywhere are down at the fair

Down at the fair ride the ferris wheel if you dare
Horses go leaping on the merry go round
Tunnel of Terror makes a frightful sound
Go inside and get a good scare down at the fair

Down at the fair there's always goodies to spare
Hotdogs and hamburgers, cotton candy
Snow cones and carmel corn taste just dandy
The smell makes me hungry as a bear down at the fair

Down at the fair the lights are like fireworks there
I'm and happy as we drive home
Feel kind of sleepy as I write this poem
I'm sure glad I was there down at the fair
