

Just A Little Hug

Words & Music by Hans Mayer & Frank Gosar
Copyright 1996 Myther Music

My nose is running buckets and my throat is scratchy too
It's just my kind of luck I've got the latest kind of flu
My forehead's hot and feverish and I hate to feel this way

Chorus

Just a little hug, just a little hug, just a little hug would make my day
It's a way to say I love you, it's o.k. to say I love you
Just a little hug goes a long, long way

Mom is in a panic cause the car broke down today
She's calling the mechanic and she's scared of what he'll say
It cost a lot of money that she doesn't want to pay

Chorus

Now Carl the cat is shaking and he's way out on a limb
The neighbor dogs are making life a little hard on him
I finally get him down that tree where he's been stuck all day

Chorus

So when dad comes home grumpy or your sister skins her knee
Or your mom is feeling jumpy or your cat is up a tree
Or your teacher's cross and crabby just remember what I say

Chorus
