

Happy Little Elves

Words & Music by Hans Mayer Copyright Myther Music 1998

We're happy little Elves - as happy as can be

We make everything for the Christmas Tree

From the presents down below to the star up above

And Santa brings it to you with love

With a BANG - BANG - BANG and a SNIP - SNIP - SNIP

A BUZZ - BUZZ - BUZZ and a CLIP - CLIP - CLIP

A SAW - SAW - SAW and a ZIP - ZIP - ZIP

We're happy as we can be, happy as we can be

We're happy little Elves on the old North Pole

We always hear Santa's "HO-HO-HO!"

The work is hard but we don't care

Cuz Christmas comes but once a year!

I'm Jammer and I am Sparky - I'm Danny and I am Markie

I'm Stinky - I know I'm Sue but what can we do?

With Christmas around the corner, we work just as hard as we ought-er

To make all the toys for the girls and boys

That have been good the whole year through

That have been good the whole year through

Repeat first verse
